

INTERNATIONAL MASTER DEGREE

University of Milano-Bicocca — Department of Materials Science

MATERIALS SCIENCE

DESCRIPTION OF THE COURSE

MSc. Degree in Material Science offered by the Department of Materials Science at the University of Milano-Bicocca is a 2-year study program aimed at providing advanced knowledge on chemistry and physics of materials, along with modelling approaches and experimental techniques of materials characterization, with practical applications in experimental laboratories. The students learn about the interpretation and the design of function vs. structure relationships in a wide class of materials, providing an underlying basis for understanding principles, applications and entrepreneurial aspects of nanotechnology. In order to allow for an individual specialization, the program provides a broad choice of courses on specific classes of materials and their function-related structures. Besides technical knowledge, the program also focusses on acquiring competencies related to research skills and scientific communication. Finally, the theoretical knowledge is applied and enhanced through an internship and a Master thesis, which are carried out within a network of collaborations involving research groups and industrial partners.

Overall, the program endeavors to create graduates with a multi-disciplinary approach in developing new pathways for innovation, with a specific view to integrate scientific and ethical perspective to the sustainability of processes and technologies in materials science.

DUAL DEGREE OPPORTUNITY

The Master degree programme includes student positions within the International programme of Dual MSc Degree in Sustainable Materials (SUMA MSc Degree). The Dual Degree track meets the requirements of the Quality Label of the European Institute of Innovation and Technology (EIT) of the European Commission for the high education target in the field of Raw Materials. The network of international SUMA Master Tracks is funded by EU within the IMAGINE European project. In the Dual Degree track, 60 ECTS are acquired at UNIMIB and 60 ECTS at the Katholieke Universiteit Leuven (Belgium). For admission to the Dual Degree Track, candidates have 1) to submit an application to the SUMA web site (www.master-suma.eu), then 2) to follow the instructions and deadlines for admission to UNIMIB as entry University, as indicated in Admission procedure. Further details are available at <https://elearning.unimib.it/course/view.php?id=22185>.

CAREER PATH

New materials determine the performance, efficiency, quality and sustainability of products and processes in all modern industries and application areas. With a MSc Degree in Materials Science, graduates can either directly work in industry or can further specialize by carrying out a PhD.

COURSE DIRECTOR

Prof. Alberto Paleari

PROGRAM DURATION

2 Years

START DATE

October

CREDITS

120 ECTS

LANGUAGE

English

LOCATION

Milan, Italy
Milan – Leuven (Dual Degree track)

TUITION

Foreign students with a Bachelor degree (earned abroad) who enroll in Materials Science will be entitled for the following benefits:

1st Year: Full fee waiver

2nd Year: € 600,00

EIT Grants (Dual Degree only) € 13.500

CURRICULUM*

First year courses

Functional Analysis, 6 ECTS
Solid State Physics, 8 ECTS
Physical Characterization of Materials & Laboratory, 8 ECTS
Thermodynamics and Kinetics of Materials, 6 ECTS
Applied Physical Chemistry with Laboratory, 8 ECTS

One of the following:

- a) Physics of Semiconductors, 6 ECTS
- b) Physics of Homogeneous and Nanostructured Dielectrics 6 ECTS
- c) Molecular Electronics and Photonics, 6 ECTS

One of the following:

- a) Chemistry of Molecular Materials 6 ECTS
- b) Chemistry of Inorganic Materials, 6 ECTS
- c) Physical Chemistry of Solid State and Surfaces 6 ECTS

One of the following:

- a) Chemistry and Technology of Polymers & Industrial Applications, 6 ECTS
- b) Low Environmental Impact Materials & Processes, 6 ECTS
- c) Physics and Technology of Electronic Devices with Laboratory 6 ECTS

One of the following:

- a) Metals Science and Sustainability, 6 ECTS
- b) Radiation Matter Interaction 6 ECTS
- c) Surfaces & Interfaces 6 ECTS

Second year courses

One of the following:

- a) Nanotechnology & Innovation, 6 ECTS
- b) Engineered Nanomaterials, 6 ECTS

One of the following:

- a) Materials and Devices for Energy Engineering, 6 ECTS
- b) Synthesis and Special Organic Techniques in Material Chemistry, 6 ECTS
- c) Statistical Thermodynamics of Materials, 6 ECTS

Elective courses, 12 ECTS - Students are free to choose from the course offered at Milano-Bicocca University.

Stage, 3 ECTS

Further linguistic knowledge or Laboratory of scientific language, 3 ECTS

Master Thesis, 3

common
teachings

at choice

*The Dual Degree programme has a specific path (see link in *Further Information*)

FURTHER INFORMATION

didattica.materiali@unimib.it; <https://elearning.unimib.it/course/index.php?categoryid=4578>

DEGREE REQUIREMENTS

Three years Bachelor Degree from an accredited college/university or its equivalent. **Language Certification:** Certificate of proficiency in English corresponding to at least B2 level, issued by recognized Institutions, or BSc Degree earned by attending a University course fully taught in English.

ADMISSION PROCEDURE

The applications for admission must be presented online at the web site of the University of Milano-Bicocca at the link https://s3w.si.unimib.it/Home.do;jsessionid=37226A3BEE95999EBEA995E481FC1AF9.esse3-unimib-prod-03?cod_lingua=eng.

It is necessary to follow the instructions at this link <https://elearning.unimib.it/course/view.php?id=17945>.

Please note extra-UE students requiring VISA must apply for pre-enrolment to the Italian Embassy (or Consulate) in their Country as soon as possible and no later than 24th July 2020.

Applications open on the 1st of April 2020 Interview for students are scheduled in the following dates:

- **June 19th 2020** (for those who apply before June 15th)
- **September 25th 2020** (for those who apply from June 16th till September 14th)

ACCOMMODATION AT UNIVERSITY OF MILANO-BICOCCA

The University of Milano - Bicocca makes available accommodation for international students. To book accommodation and learn about the costs and terms of your stay you can write to: booking.bicocca.fms.it@sodexo.com.

The University of Milano-Bicocca also offers scholarships to cover accommodation and living costs. For terms of application please consult <https://www.unimib.it/servizi/diritto-allo-studio-tasse-150-ore/borse-studio>.
